This booklet belongs to...

Can you smell... cherry pie?
You can bet the bees do.

It's *Heliotropium arborescens*!

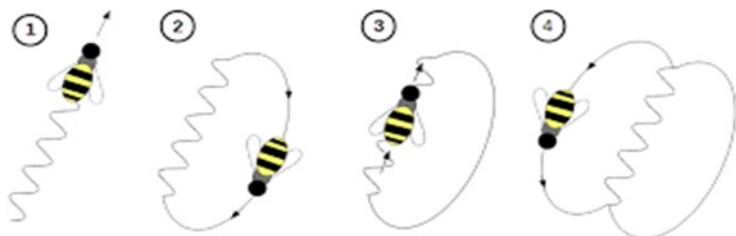

Find some in
the **Fragrant
Garden.**

Heliotropium
belongs to the
borage family
(Boragina-
ceae) and is
from South
America.

Can you do the waggle dance?

Bees tell each other where to find the best kai
by doing a dance!

Can you find the bee-licious kara?

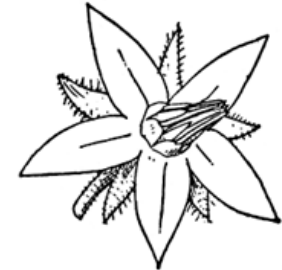

bees see blue, purple, white or yellow the best.

mānuka

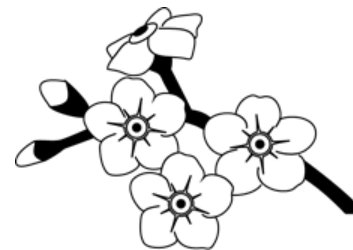

*Leptospermum
scoparium*

borage*

Borago officinalis

kopakopa*

*Myosotidium
hortensium*

daffodil

Narcissus spp.

Can you find other ngāi tipu in the borage
family? Look for the * to learn two more.
