

# Kōwhai Garden

This garden is comprised of several large, well established kōwhai much loved by kererū. Watch out in spring when the kōwhai is flowering; you don't want to get dive bombed by a tūi!

|                                  |                                     |                                  |
|----------------------------------|-------------------------------------|----------------------------------|
| <i>Acaena anserinifolia</i>      | <i>Geranium traversii</i>           | <i>Myosotidium hortensia</i>     |
| <i>Apium prostratum</i>          | <i>Gunnera monoica</i>              | <i>Myrsine aquilonia</i>         |
| <i>Ascarina lucida</i>           | <i>Hedycarya arborea</i>            | <i>Myrsine chathamica</i>        |
| <i>Asplenium chathamense</i>     | <i>Imperata cheesemanii</i>         | <i>Myrsine divaricata</i>        |
| <i>Asplenium obtusatum</i>       | <i>Kunzea salterae</i>              | <i>Olearia angulata</i>          |
| <i>Astelia chathamica</i>        | <i>Lepidium rekohuense</i>          | <i>Olearia telmatica</i>         |
| <i>Astelia hastata</i>           | <i>Leptinella potentillina</i>      | <i>Olearia traversiorum</i>      |
| <i>Blechnum novae-zelandiae</i>  | <i>Leucopogon parviflorus</i>       | <i>Phormium tenax</i>            |
| <i>Carex kermadecensis</i>       | <i>Linum monogynum var.</i>         | <i>Phormium tenax aff.</i>       |
| <i>Coprosma chathamica</i>       | <i>chathamicum</i>                  | 'Chatham Islands'                |
| <i>Coprosma propinqua var.</i>   | <i>Lobelia arenaria</i>             | <i>Pimelea sp</i>                |
| <i>martinii</i>                  | <i>Melicope aff. ternata</i>        | <i>Piper excelsum subsp.</i>     |
| <i>Coprosma spathulata</i>       | <i>Melicytus chathamicus</i>        | <i>psittacorum</i>               |
| <i>Coprosma tenuicaulis</i>      | <i>Melicytus macrophyllus</i>       | <i>Pittosporum cornifolium</i>   |
| <i>Corokia buddleioides</i>      | <i>Melicytus novae-zelandiae</i>    | <i>Pittosporum divaricatum</i>   |
| <i>Corokia macrocarpa</i>        | <i>Meryta sinclairii</i>            | <i>Pittosporum ellipticum</i>    |
| <i>Craspedia minor</i>           | <i>Metrosideros colensoi</i>        | <i>Plagianthus regius subsp.</i> |
| <i>Dracophyllum arboreum</i>     | <i>Muehlenbeckia aff.</i>           | <i>chathamicus</i>               |
| <i>Elaeocarpus hookerianus</i>   | <i>complexa</i>                     | <i>Poa chathamica</i>            |
| <i>Elatostema rugosum</i>        | <i>Muehlenbeckia australis aff.</i> | <i>Pomaderris paniculosa</i>     |
| <i>Gahnia pauciflora</i>         | 'Chatham Islands'                   | <i>subsp. novae-zelandiae</i>    |
| <i>Geniostoma ligustrifolium</i> | <i>Myoporum rapense subsp.</i>      | <i>Pseudopanax chathamicus</i>   |
| <i>var. majus</i>                | <i>kermadecense</i>                 | <i>Pseudopanax ferox</i>         |

## **Kōwhai Garden** *continued . .*

*Pseudopanax kermadecensis*

*Rhabdothamnus solandri*

*Rhopalostylis sapida* aff. 'Chatham Islands'

*Scaevola gracilis*

*Sonchus grandifolius*

*Sophora chathamica*

*Sophora fulvida*

*Sophora longicarinata*

*Sophora microphylla*

*Sophora molloyi* 'Dragons Gold'

*Sophora molloyi*

*Sophora prostrata*

*Sophora tetraptera*

*Urtica australis*

*Veronica bollonsii*

*Veronica chathamica*

*Veronica corriganii*

*Veronica dieffenbachii*

*Veronica elliptica*

*Veronica macrocarpa*

*Veronica obtusata*

*Veronica pubescens* subsp. *sejuncta*

*Veronica subfulvida*

*Xeronema callistemon*
