Wellington Botanic Garden - Flowers, Fairies and Fun!

1. Close your eyes and sniff... Can you smell that? Follow your nose through the herb garden, and see if you can smell anything that reminds you of dinner... Yummy!

2. Stomp your feet as you cross the troll bridge to get to the fairy house construction site, where you can build your very own fairy house for the fairy village! Where is Tinkerbell?

3. Can you hear that? It might be the sound of some of our smallest gardeners. It’s a buzzing sound - Bzzzzzzzzzzzzzzzzz. Yep it’s the bees! How many bees can you spot hard at work?

4. How many times can you say “wiggy wig” without laughing? The wiggy-wig bush is endemic to New Zealand and this one looks like a sofa - check it out! Be on the lookout for lounging lizards, but you may not find them as the wiggy wig bush provides excellent cover!

5. Woah! Check out this fun trail to explore - where you will discover the cork oaks. What does cork look like on a tree?!
