

Cultivar Garden

Discover a variety of native plants that have been developed by horticulturalists for their unusual features. These plants are more variegated, and miniaturised, with brighter or more pronounced colours than would be found in the wild.

<i>Aciphylla squarrosa</i>	<i>Coprosma microcarpa</i>	<i>Fuchsia perscandens</i>
<i>Agathis australis</i>	<i>Coprosma repens</i>	<i>Fuscospora truncata</i>
<i>Alseuosmia quercifolia</i>	<i>Coprosma rhamnoides</i>	<i>Hebe 'Emerald Green'</i>
<i>Anthosachne solandri</i>	<i>Coprosma sp</i>	<i>Helichrysum lanceolatum</i>
<i>Arthropodium cirratum</i>	<i>Coprosma tenuifolia</i>	<i>Leptinella potentillina</i>
'Parnell'	<i>Coprosma waima</i>	<i>Leptinella rotundata</i>
<i>Ascarina lucida</i>	<i>Cordyline fruticosa 'Prince</i>	<i>Leptinella squalida subsp.</i>
<i>Astelia chathamica</i>	<i>Albert'</i>	<i>squalida</i>
<i>Astelia fragrans</i>	<i>Corokia buddleioides</i>	<i>Leptospermum 'Wiri Shelly'</i>
<i>Blechnum discolor</i>	<i>Corynocarpus laevigatus</i>	<i>Leucopogon parviflorus</i>
<i>Blechnum parrisiae</i>	'Picturatus'	<i>Libertia grandiflora</i>
<i>Brachyglottis greyi</i>	<i>Craspedia uniflora var.</i>	<i>Lophomyrtus x ralphii</i>
<i>Brachyglottis hectorii</i>	<i>maritima</i>	'Pixie'
<i>Brachyglottis kirkii</i>	<i>Dacrydium cupressinum</i>	<i>Machaerina complanata</i>
<i>Brachyglottis 'Leiths Gold'</i>	<i>Dianella nigra</i>	<i>Melicytus crassifolius</i>
<i>Brachyglottis monroi var.</i>	<i>Drymoanthus adversus</i>	<i>Melicytus orarius</i>
<i>monroi</i>	<i>Earina mucronata</i>	<i>Metrosideros excelsa 'Māori</i>
<i>Carex litorosa</i>	<i>Elaeocarpus dentatus</i>	<i>Princess'</i>
<i>Carmichaelia muritai</i>	'Moana' x <i>Elaeocarpus</i>	<i>Muehlenbeckia astonii</i>
<i>Carmichaelia williamsii</i>	<i>hookerianus</i>	<i>Myosotidium hortensia</i>
<i>Clianthus maximus</i>	<i>Elingamita johnsonii</i>	<i>Myosotis brevis</i>
<i>Coprosma acutifolia</i>	<i>Eryngium vesiculosum</i>	<i>Myosotis spatulata</i>
<i>Coprosma 'Mangatangi'</i>	<i>Euphorbia glauca</i>	<i>Neomyrtus pedunculata</i>
