

Native Broom Garden

Our unusual tree brooms are native to New Zealand and part of the legume family. The garden is surrounded by a lovely sheltered lawn accentuated with a woven supplejack tunnel for tamariki.

Arthropodium bifurcatum

Brachyglottis greyi x Brachyglottis huntii

Brachyglottis laxifolia

Carmichaelia appressa

Carmichaelia arborea

Carmichaelia australis

Carmichaelia glabrescens

Carmichaelia kirkii

Carmichaelia muritai

Carmichaelia sp

Carmichaelia stevensonii

Carmichaelia williamsii

Coprosma propinqua var. martinii

Coprosma rhamnoides

Coprosma rugosa 'Lobster'

Cordyline australis

Corokia cotoneaster

Fuchsia procumbens

Gahnia sp

Gahnia xanthocarpa

Hebe evenosa x Hebe stricta

Libertia peregrinans

Machaerina sinclairii

Meryta sinclairii

Metrosideros carminea

Pachystegia rufa

Parsonsia capsularis

Passiflora tetrandra

Phormium tenax 'Potaka'

Phormium tenax 'Taeore'

Poa anceps subsp. polyphylla

Pterophylla racemosa

Ripogonum scandens

Veronica albicans

Veronica pubescens subsp. sejuncta

Veronica speciosa

Veronica topiaria

Vitex lucens

x Heohebe hortensis 'Waikanae'
